On [date], [city] will have opportunity to see the powerful new film, "**Obsession: Radical Islam's War Against the West**," a film about the threat of Radical Islam to Western civilization.

The film screening, at [time] at [place], is sponsored jointly by ORGANIZATION X, ORGANIZATION Y, and ORGANIZATION Z.

"Obsession" uses images from Arab TV, rarely seen in the West. "Obsession" to reveal an 'insider's view' of the hatred the Radicals are teaching, their incitement of global jihad, and their goal of world domination. The film also traces the parallels between the Nazi movement of World War II, the Radicals of today, and the Western world's response to both threats. A peaceful religion is being hijacked by a dangerous foe, who seeks to destroy the shared values we stand for. The world should be very concerned.

"Obsession" features interviews with Sir Martin Gilbert, Alan Dershowitz, Daniel Pipes, Steve Emerson, a former PLO terrorist, a former Hitler Youth Commander and many others.

Michael Medved (nationally syndicated radio host and film critic) said "'Obsession' is one of the most powerful, expertly crafted and undeniably important films I've seen this year. This courageous, utterly gripping expose' deserves the attention of every American -- and merits serious consideration for the Academy Award for Best Feature Length Documentary. "Obsession" was recently awarded Best Feature Film at the Liberty Film Festival. It is currently an Official Selection in the Newport Beach Film Festival and the Houston World Festival.
